

# Family Medicine Residency Curriculum Resource

| Core Topic                       | Topic                          | Length of Presentation     | Date Posted |
|----------------------------------|--------------------------------|----------------------------|-------------|
| Adolescent Health                | Counseling Skills              | 1 Hour                     | 4/12/2023   |
| Adolescent Health                | Health Risks and Behaviors     | 1 Hour                     | 6/14/2018   |
| Adult Medicine and Critical Care | Acute Asthma Management        | 1 Hour                     | 4/8/2020    |
| Adult Medicine and Critical Care | Acid-Base Disorders            | 1 Hour                     | 11/26/2018  |
| Adult Medicine and Critical Care | Acute Coronary Syndrome        | 1 Hour                     | 10/23/2017  |
| Adult Medicine and Critical Care | Alcohol and Drug Withdrawal    | 1.5 Hours                  | 10/4/2024   |
| Adult Medicine and Critical Care | COPD/Asthma                    | 1 Hour                     | 6/14/2024   |
| Adult Medicine and Critical Care | CVA                            | 1 Hour                     | 12/19/2024  |
| Adult Medicine and Critical Care | DKA                            | 1 Hour                     | 7/8/2025    |
| Adult Medicine and Critical Care | Dysrhythmias - A-Fib           | 1-1.5 Hours                | 7/25/2025   |
| Adult Medicine and Critical Care | Electrolyte Abnormalities      | 1 Hour per topic, 2 topics | 2/3/2019    |
| Adult Medicine and Critical Care | Gastrointestinal Bleeding      | 1 Hour                     | 7/7/2025    |
| Adult Medicine and Critical Care | Heart Failure                  | 1 Hour                     | 8/6/2020    |
| Adult Medicine and Critical Care | Hospital Infections and Sepsis | 1 Hour                     | 7/2/2025    |
| Adult Medicine and Critical Care | Pancreatitis                   | 1 Hour                     | 4/11/2024   |
| Adult Medicine and Critical Care | Pneumonia                      | 1 Hour                     | 12/14/2018  |
| Adult Medicine and Critical Care | Pulmonary Embolism             | 1.5 Hours                  | 9/14/2023   |

| Core Topic                       | Topic  | Length of Presentation        | Date Posted |
|----------------------------------|--|-------------------------------|-------------|
| Adult Medicine and Critical Care | Renal Failure  | 1 Hour                        | 10/11/2024  |
| Adult Medicine and Critical Care | Respiratory Failure/ARDS                                   | 1 Hour                        | 2/23/2021   |
| Allergy                          | Allergic Rhinitis  | 1 Hour                        | 12/27/2022  |
| Allergy                          | Interpretation of Pulmonary Function Tests                 | 1 Hour                        | 7/18/2025   |
| Behavioral Science               | Anxiety Disorders  | 1 Hour                        | 1/18/2023   |
| Behavioral Science               | Basics of Human Behavior                                   | 1 Hour                        | 7/21/2025   |
| Behavioral Science               | Communication Skills                                       | 1 Hours                       | 9/11/2023   |
| Behavioral Science               | Delirium, Dementia, Amnestic and Other Cognitive Disorders | 1 Hour,each session           | 10/4/2018   |
| Behavioral Science               | Delirium Session   | 1 Hour                        | 12/22/2023  |
| Behavioral Science               | Eating Disorders   | 1 Hour                        | 12/16/2020  |
| Behavioral Science               | Grief Management and Adjustment Disorders                  | 1 Hour                        | 7/16/2021   |
| Behavioral Science               | Interviewing Skills (Workshop)                             | 3 Hours                       | 6/5/2018    |
| Behavioral Science               | Intimate Partner Violence                                  | 1 Hour                        | 4/11/2024   |
| Behavioral Science               | Mood Disorders   | 2 Hours                       | 11/26/2023  |
| Behavioral Science               | Sleep Disorders  | 1 Hour                        | 9/7/2020    |
| Behavioral Science               | Substance-Related Disorders                                | 3 Hours                       | 5/16/2016   |
| Cardiovascular Medicine          | Aortic Aneurysm  | 1 Hour                        | 12/14/2022  |
| Cardiovascular Medicine          | Atrial Fibrillation  | 1 Hour                        | 9/14/2023   |
| Cardiovascular Medicine          | EKG Performance and Interpretation                         | 1.5 Hours per Topic; 5 Topics | 5/11/2016   |
| Cardiovascular Medicine          | Heart Failure Diagnosis                                    | 1 Hour                        | 4/2/2024    |
| Cardiovascular Medicine          | Management of Common Dysrhythmias                          | 2 Hours                       | 7/28/2022   |

| Core Topic                         | Topic   | Length of Presentation      | Date Posted |
|------------------------------------|---|-----------------------------|-------------|
| Cardiovascular Medicine            | Peripheral Vascular Disease                         | 1 Hour                      | 11/27/2024  |
| Cardiovascular Medicine            | Syncope (Cardiogenic/Non-Cardiogenic)               | 2 Hours                     | 11/26/2023  |
| Care of Special Populations        | Autism  | 2 Hours                     | 12/18/2020  |
| Care of Special Populations        | Care of Homeless and Other Underserved Populations  | 3 Hours                     |             |
| Care of Special Populations        | Caring for Patients with Disabilities               | 2 Hours per Topic; 2 Topics | 6/28/2018   |
| Care of Special Populations        | Down Syndrome                                       | 2 Hour                      | 9/28/2022   |
| Care of Special Populations        | Healthcare of the Immigrant and Refugee             | 1.5 Hours                   | 4/19/2024   |
